PROFESSIONAL SUMMARY

Full-stack developer with 7+ years of experience building web applications with React.js, Node.js, Laravel and the MERN stack, currently at Dignizant, building a team collaboration platform with chat, boards, file sharing and video calls. Strong in React.js, TypeScript and Tailwind CSS, and in AI-assisted workflows (Claude Code, Figma MCP).

TECHNICAL SKILLS

Frontend	React.js, TypeScript, JavaScript (ES6+), Redux Toolkit, HTML5, CSS3, Tailwind CSS, Ant Design, Vite, Responsive Design, Three.js, React Three Fiber, GSAP
Backend	PHP, Laravel, Node.js, Express.js, REST APIs (web & mobile apps)
Databases	PostgreSQL, MySQL, MongoDB
Testing	Vitest, React Testing Library (unit testing), Playwright (end-to-end)
Integrations	Stripe, Agora, PDFTron, xBIM (BIM/IFC), Chrome Extensions
Tools	Git, GitHub, GitHub Actions (CI/CD), Figma, Claude Code, Hosting & Deployment
Familiar with	Bootstrap, jQuery, Firebase, AWS
Languages	English, Hindi, Gujarati, Marathi

WORK EXPERIENCE

MERN Stack Developer — Dignizant Technologies

May 2022 – Present · Adajan, Surat

Team Collaboration Platform

- Built a library of UI components from Figma designs for five breakpoints, including chat header, input panel, emoji/GIF pickers, media preview and context menus.
- Built a mention system covering users, channels, threads, files, folders, objects and boards, plus drawer panels for channel details, members and access management.
- Implemented a message search panel with file/object mention and attachment-type search, and fixed a privacy bug that exposed private channel names in previews.
- Introduced an AI-assisted workflow using Claude Code with Figma MCP, reusing shared design tokens and hooks to keep components consistent.

Construction Takeoff & Estimation Tool

- Built an app to measure areas and quantities on uploaded PDF drawings.
- Integrated PDFTron for PDF markup and xBIM for BIM (IFC) models.

Laravel & Node.js Developer — Techno Brigade InfoTech Mar 2020 – Apr 2022 · Surat

- Built VIPMe, a paid one-to-one video platform for celebrities and consultants, with Stripe payments, Agora video calls and automated session reminders.
- Built Laravel REST APIs for the IMA doctor-directory app (South Gujarat).
- Built REST APIs for a Dubai mosque app serving prayer timings.
- Built Khunkhayan, a part-time job search portal, using Laravel.

PHP Developer — Universal Technologies Jan 2019 – Feb 2020 · Bardoli

- Developed the website for Atique Health Care.
- Built a GST billing and stock management software product in PHP.

PERSONAL PROJECTS

Saileela Travel — Travel Website · saileelatravel.com
Built and maintain the live website for a travel business.

3D Car Showcase Website · React Three Fiber, Three.js, GSAP
Scroll-driven 3D car reveal with PBR materials and frame-sequence animation.

Green Wood Stay — Hotel Website · Responsive web + admin panel
Animated hotel website with an admin panel and WhatsApp booking.

EDUCATION

Master of Computer Applications (MCA) · 2018
S.S. Agrawal Institute of Computer Science, Navsari (GTU) · CGPA 7.95

B.Sc. Computer Science · 2016
Government Science College, Valod (VNSGU) · First Class
